***Please keep this brochure as a reminder of venue, dates, and times for the courses for which you apply.***

# Geology for the Non-Geologist

This course was developed in response to an increased interest in geology following the recent earthquakes in New Zealand. The course seeks to give a broad understanding of the history, structure and composition of the earth, (including rocks, mountains, fossils, rivers and other features) with a particular emphasis on New Zealand /Zealandia. The speakers are all specialists in their fields and will deliver their presentations in non-technical terms. They will cover a wide range of topics including:

- 7 March**     **NZ Tectonic Plates & Earthquakes: Alpine Fault & East South Island**  
*Dr Simon Cox, Structural Geologist, GNS Science, Dunedin*
- Zealandia the Hidden Continent & Australian/Antarctic Connection**  
*Dr Nick Mortimer, Petrologist, GNS Science, Dunedin*
- 14 March**     **South Island Rivers & Landscapes**  
*Professor Dave Crow, Department of Geology, University of Otago*
- Landslides & Liquefaction**  
*Dr Simon Cox, Structural Geologist, GNS Science, Dunedin*
- 21 March**     **Evolution of New Zealand Native Plants**  
*Associate Professor Daphne Lee, Department of Geology, University of Otago*
- Vanished World: fossils, penguins, dolphins & dinosaurs**  
*Professor Ewan Fordyce, Department of Geology, University of Otago*
- 28 March**     **Gold Nuggets in Otago**  
*Professor Dave Crow, Department of Geology, University of Otago*
- Oil, Gas and Fracking in New Zealand**  
*Dr. Alex McAlpine, International Oil & Gas Exploration & Production  
Consultant*
- 4 April**        **Searching for the Resources of the Future**  
*Mr. Rob Smillie, Head of Department – Regional Geology, GNS  
Science, Dunedin*
- Ups & downs of Land and Sea Levels**  
*Dr Paul Denys, Lecturer, School of Surveying, University of Otago*
- 11 April**      **Nor'westers & Climate Change in the Southern Hemisphere**  
*Speaker to be confirmed*
- Volcanoes & Ash Clouds: Dunedin, Taupo, Ruapehu & Auckland**  
*Professor James White, Department of Geology, University of Otago*
